Professional Summary

Passionate Front-End Developer with hands-on experience building responsive, high-performance web applications using React, Next.js, and TypeScript. Skilled in crafting interactive user experiences with GSAP animations and Three.js 3D rendering. Proficient in full project lifecycle from UI design to backend integration using Superbase and MongoDB. Strong understanding of cross-browser compatibility, accessibility standards, and performance optimization.

Technical Skills

Frontend:	React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Animation & 3D:	GSAP, Three.js
Backend:	Node.js, Superbase, MongoDB
Tools:	Git, GitHub, Figma, VS Code
Other:	Responsive Design, REST API Integration, Cross-Browser Compatibility, Performance Optimization

Work Experience

Fasylish – Full E-Commerce Platform *React · Next.js · Superbase*
Self-Initiated Project | 2026

- Developed a complete shopping system including user authentication, cart management, wishlist, and advanced product filtering.
- Built a custom real-time product configurator with live backend synchronization, enabling users to personalize items before purchase.
- Implemented responsive, accessible UI components following WCAG best practices, optimized for both desktop and mobile.
- Integrated Supabase for real-time database operations and user session management.

Solar System – 3D Interactive Experience *Three.js · GSAP*
Self-Initiated Project | 2026

- Rendered a fully interactive 3D solar system in the browser using Three.js with realistic orbital motion and dynamic lighting.
- Integrated orbit camera controls allowing users to freely explore the scene with smooth, intuitive navigation.
- Enhanced transitions and visual polish using GSAP animations for a seamless user experience.

Headphones Store – Animated Product Showcase *GSAP · CSS3 · JavaScript*
Self-Initiated Project | 2026

- Engineered scroll-triggered animations using GSAP to create an immersive, storytelling-driven product experience.
- Implemented dynamic per-product theme switching to deliver a visually distinct presentation for each item.
- Optimized rendering performance to maintain smooth 60fps animations across all device types.

Education & Certifications

Meta Front-End Developer Professional Certificate — Coursera – Meta | 2026
Includes: Introduction to Front-End Development · Web Development with HTML & CSS

Full Stack Development Program | 2026

The Complete JavaScript Course 2025: From Zero to Expert! — Udemy | 2026

React – The Complete Guide (incl. Next.js, Redux) — Udemy | 2026

Complete React, Next.js & TypeScript Projects Course 2025 — Udemy | 2026
